Help us build the first community!

Turn a foster child's dream of a loving, permanent home into a reality. Your tax-deductible gift will help make this happen as we design and build the first Generations Together site which will become the model for many such communities.

Welcome to Generations Together

[Printer-friendly version](#)

Building communities where foster and adopted children, families and seniors thrive.

This year in California nearly 30,000 children will enter foster care due to abuse or neglect. Many will never return home and today wait for a new family.

Generations Together is building multi-generational communities to support families who provide permanent homes for these children, either through adoption or guardianship.
